REMAINS OF JONES ARRIVES AT HOME

Special Train Due at Cartersville Tuesday Afternoon.

FUNERAL SERVICES THURSDAY

Revs. George Stuart, Walter Holcomb, J. A. Bowen, French E. Oliver, Geo. Duvall and Other Ministers Will Conduct Services.

Stevenson, Ala., Oct. 17.—A special train will arrive in Cartersville with the remains at 1 p. m. Tuesday and funeral services of the late Rev. Sam P. Jones will be conducted at the Cartersville Tabernacle Wednesday at 2 p. m.

Revs. George Stuart, Walter Holcomb, J. A. Bowen, French E. Oliver, George Duvall and other ministers will assist.

On account of the public interest all over the south, Mrs. Jones and daughters have changed the date for the funeral from Wednesday afternoon till Thursday, at 2 p. m. The remains will lie in state at their Cartersville home.

Sketch of Rev. Sam Jones.

Rev. Samuel Porter Jones, one of the greatest and most unique evangelists in the country, and sometimes known as the "Mountain Evangelist," was born at Oak Bowery, in Chambers county, Alabama, on Oct. 16, 1847. Had he lived until Tuesday he would have been 59 years of age.

He was a son of John Joseph Jones and Nancy (Porter) Jones. His father, having married for the second time, came to Cartersville in 1858 and here young Sam Jones spent his youth and young manhood. He was not a particularly bright student and his parents took him away from school and put him under the private tutelage of Mrs. William H. Felton.

It was his ambition to become a lawyer and he studied for the bar, being admitted in 1869, when he was 22 years of age.

Close confinement in the office and the application required in the work he cut out for himself, soon undermined his health, and he became a victim of nervous dyspepsia. The failure to secure relief from medical treatment drove him after a while to alcoholic excesses.

Before long he was forced to abandon his practice, in which he had never made a pronounced success, and became a day laborer. One occupation which he was forced to take up, was that of driver of a dray in the streets of Cartersville. Under the favorable opportunity that this close communion with the humbler element of the people gave him, the mingling with the flotsam and jetsam of humanity, he was studying the great problem of man and laying up a vast fund of information that enabled him to know and touch the hearts of men.

The conversion of Sam Jones from the life of sin and debauchery into which he had been gradually sinking deeper, dates from his father's death in 1872. The old gentleman gathered his children around him and bade them goodbye, comforting them with the assurance that he would meet all of them one day in Heaven—all except one.

The lesson went home to the heart of the wayward young man, and the next Sunday he accompanied his grandfather, a Methodist minister, to church and before he left the church he had made a confession before the whole congregation and preached such an exhortation as [illegible] chapel never heard before nor since.

Sam Jones' marriage occurred in Kentucky when he was 22 years of age. He returned with his wife to Cartersville, Ga., and they have made it their home ever since. Before her marriage Mrs. Jones was Miss Laura McElwaine of Eminence, Ky.

A short while after Sam Jones' conversion in 1872 he entered the North Georgia conference and began the religious and evangelical work in which he has attained such noble success.

He was a Methodist pastor for five years. Then he became agent for the Methodist Orphans' home in Decatur.

Sam Jones was noted for his vigorous, unceasing advocacy of prohibition. Whenever a prohibition campaign was to be fought, in Georgia, Alabama, or wherever he could lend his assistance, Sam Jones was on the spot and fought with determination and unflinching spirit.

In 1893 he gave up his work at the orphanage and started out as an evangelist. His great record in revival meetings throughout the country is well known. His first big meeting was in Boston, where he won the hearts of the northerners by his great work. His largest meeting of recent years was in Cincinnati. His last meeting in the south was at his home town, Cartersville, where a two weeks' revival was held in September.

Among some of Sam Jones' distinctive works, which are noted for their unconventionality and for their lucid clearness, are "Sermons and Sayings by Sam Jones," "Music Hall Sermons," "Quit Your Meanness," "St. Louis Series," "Sam Jones' Own Book," and "Thunderbolts."

Shoots Lover of His Wife.

Douglas, Ga., Oct. 17.—W. W. McDonald, a prominent lawyer of this city, who was shot by Mr. Gilpin, in Vidalia, Sunday night, died Monday. McDonald was shot in a room of the Rimes hotel, where he had repaired with Mrs. Gilpin. The husband had hidden himself in a closet of the room, and when the couple had retired, he opened fire, inflicting wounds from which McDonald died. He fired 10 shots, four of which took effect. The Gilpins lived at Donovan's mill, 4 miles out of Vidalia. McDonald is survived by a wife and several small children. He was president of the Coffee County Fair association and a representative of the county on the agricultural college committee.

Negro Artist Wins Prize.

Chicago, Oct. 17.—Henry Tanner, a negro artist, was Monday awarded the N. W. Harris prize of $500 for the best painting at the nineteenth annual exhibition of American painting, which will open at the Art institute Tuesday. At the private view the art committee of the institute carefully went over the large number of paintings and the decision on Tanner's "Two Disciples at the Tomb" was unanimous. The picture shows the faces of Peter and John before the tomb of the Saviour with a fine light playing across their features, which are strained with expectancy while awaiting the fulfillment of the promise that had been made them.

Will Inspect Packing Houses.

Kansas City, Mo., Oct. 17.—Sir B. Walter Foster of London, a member of the British parliament, and H. Radcliff Kidner, a chemist, also of London, arrived here for the purpose, it is understood, of investigating conditions in the Kansas City packing houses. Sir Walter declined to say, in reply to a direct question, whether or not he was here on official business for his government.

The Traffic in Women.

Paris, Oct. 17.—The third international congress for the suppression of the traffic in women, over which former Premier Bourgeois will preside, will assemble here Oct. 23 and remain in session until Oct. 25. All the continental powers and Great Britain will be represented, but the United States has not given notice that she will send delegates.

Yellow Fever at Havana.

Havana, Oct. 17.—Two more cases of yellow fever were reported in Havana Monday morning, making a total of eight, against the largest previous total six. No more new cases have been reported throughout the rest of the island, and there is no special anxiety regarding the situation.

Four Injured in Auto Accident.

Cleveland, O., Oct. 17.—An automobile, while running at a high rate of speed on Detroit avenue, northwest, struck a trolley pole at Kenilworth avenue, in Lakewood, a suburb, early Tuesday, and exploded. Every one of the four occupants of the car was injured and two may die.

GERMAN DAY DREW CROWD.

Auditorium Was Packed With German-Americans.

Atlanta, Oct. 17.—German day at the state fair, with Dr. Charles J. Hexamer of Philadelphia, president of the German societies of America, as the guest of honor, was recognized by President Alex Smith of the Atlanta Fair association; Governor Terrell, Mayor Woodward and other unprejudiced and recognized authorities to be the most popular feature of the entire exhibition so far this year.

The weather was perfect, and if possible, the program was even better than the weather, and the crowd which gathered in the auditorium to hear the addresses and the singing was easily the largest of any of the assemblages this year.

Included among those who gathered for this portion of the day were many German-American citizens who have won fame and success in many of the largest cities of the southland. They came from the Carolinas, from Tennessee, from Mississippi, from Florida, and there were several representatives from other more distant states.

There were also large delegations from the German societies of Savannah, Augusta, Macon, LaGrange, Athens and other Georgia cities. Altogether the occasion was a tremendous success and one that reflected the greatest credit on all of the German-Americans of the state, of Atlanta and particularly those, who as members and officers of the Atlanta Gesellschaft, were responsible for the success of the big German day.

In addition to the address of Dr. Hexamer, which was in German, the eloquent address in behalf of the Germans on the part of Dr. Carl Kuebler and the masterly opening address and eloquent introductions of Judge Ernest Kontz were notable features of the occasion, while the instrumental music by Wedemeyer's band and the singing by the German male chorus received well deserved ovations, encores and applause.

As Governor Terrell remarked afterwards, it was a German day to date time by, and happily there was a big crowd of English-Americans as well as German-Americans to enjoy it.

FIRE FIGHTERS COME IN 1908.

Chief Joyner Has Returned From Fire Chiefs' Convention.

Atlanta, Oct. 17.—The annual convention of the Fire Chiefs of America is booked for Atlanta in 1908, according to Mayor-elect Joyner, who returned to Atlanta Monday afternoon from Dallas, where he has been attending the 1906 convention.

In 1907 the fire fighters will convene in Washington, but Chief Joyner states that the convention was practically agreed upon coming to Atlanta in 1908, while he is mayor, and that their coming may be considered a certainty.

Native Uprising Imminent.

Paris, Oct. 17.—The imminence of a formidable native uprising in Morocco and Algeria is growing. The French military authorities in Algeria are in a state of apprehension. The commander of the troops in the district of Ain-Sefra has cabled to the minister of war, saying that the preparations among the Moors for a holy war are proceeding energetically. Mouly Abou, a cousin of the sultan of Morocco, had visited all the tribes and has induced them to cease their internal quarrels and prepare to take the field in the middle of November. A point for concentration has been chosen on the Wady Ghir, where arms are being collected. The Beniguell tribe has been approached by emissaries from the insurgents at Tafilelt, who are urging the former to join in the movement.

Atlanta's New Fire Chief.

Atlanta, Oct. 17.—William B. Cummings was elected chief of the fire department to fill Chief Joyner's unexpired term by the city council Monday afternoon. There were only two nominations, that of Cummings and Henry B. Haney. When Mayor Woodward entered the council chamber a motion was adopted to suspend the regular order of business and enter into an election of a fire chief, the resignation of Chief Joyner having been accepted.

BANANA CROP HURT BY STORM.

Hurricane on Central American Coast Does Great Damage.

New Orleans, La., Oct. 17.—Damages of fully $1,000,000, including the partial demolition of one town, was done by the hurricane on the coast of Central America, which was reported by a brief wireless message received here.

Wireless and cable advices to the United States Fruit company say that probably no loss of life occurred. The hurricane appeared central near Bluefields, on the east coast of Nicaragua. It swept in from the sea, its first fury striking Little and Great Corn island, which were swept bare of vegetation and their topograph even altered by the waves. On the mainland the storm's damage was confined mostly to a path about 30 miles wide, in which bananas and rubber crops were destroyed and plantations blown down. Great demolition was reported from Rana, a town on the coast about 40 miles from Bluefields. Port Limon, in Costa Rica, also suffered damage.

The United Fruit company estimates that the storm will result in cutting down banana imports about 20,000 bunches per week, which is a very small amount of the regular weekly volume.

Unknown Man Meets Death.

Atlanta, Oct. 17.—Monday morning an unknown man was brought to the Grady hospital from Oakdale, Ga., in a critical condition. He was placed on the operating table, but died about 1 o'clock, before any aid could be given. It is stated that the man was hurt on the railroad. His body was taken to the undertaking establishment of H. M. Patterson & Son. The unknown is about 5 feet 6 inches tall, weighs about 125 pounds and has dark curly hair. His occupation or identity cannot be determined. The body is being held in the undertaking establishment awaiting identification.

Hold-Up Man Captured.

Atlanta, Oct. 17.—Madison Williams, a negro man, was bound over for assault and attempt at murder, and for robbery by the recorder under $5,000 bond. Williams is the negro who has taken part in all of the hold-ups which have been stirring the city for the past few days. Officers Arthur and Hardaway caught him on Sunday night. There are about seven cases of robbery against him, as all of the people who became victims to this negro and his crowd have given descriptions of him, and he has also been identified.

Young Man Was Imposter.

New York, Oct. 17.—George Gould was surprised when he learned at his home at Lakewood Monday night that a young man had been posing in Atlanta as his eldest son, Kingdon Gould, and had been put up at the best clubs and entertained socially and in addition had had several checks cashed. "I wish that you would announce for me that this man is an imposter," said Mr. Gould. "My son, Kingdon, is now here with me at home. I do not know who this person in Atlanta can be."

Coal Men Meet.

Atlanta, Oct. 17.—The Southeastern Retail Coal Merchants' association met Tuesday morning at the New Kimball House. About 200 delegates were in attendance, and many things of importance are scheduled to come before the convention during the two days the delegates will be in session. Important among the matters to be discussed will be freight rates, short weights, demurrage and traveling salesmen.

Standard Oil Case Rests.

Findlay, O., Oct. 17.—Both the state and the defense rested their case in the trial here against the Standard Oil company of Ohio for alleged conspiracy against trade at 10 o'clock Tuesday. Argument of counsel was to follow.

Killed by Highwayman.

Spokane, Wash., Oct. 17.—Reno Hutchinson, secretary of the Y. M. C. A., was shot and killed by a highwayman at Seventh and Howard streets, in the best residence section of the city.

MR. JORDAN DEAD.

One of Gainesville's Most Widely Known Citizens Has Passed Away.

After an illness lasting many weeks, Mr. Birkett Fry Jordan died at his home, 401 Oak avenue, this city, Wednesday morning Oct. 17, 1906, at 6:30 o'clock. Although his death is a great shock to his relatives and the entire community, it was not unexpected, as he had been in failing health for several months, but only within the past few weeks has the dangerous nature of his malady been apparent. Since his return from Saratoga, N. Y., a few weeks ago, his decline has been very rapid, and for several days the end had been looked for hourly.

Mr. Jordan was born in Tallassee, Ala., March 31, 1856, and came to this county in 1876, his first residence being on Wauberg Lake, where he lived for many years, and where he built up one of the finest orange groves in the State, of which he was part owner. Later he removed to Gainesville, engaged in the insurance business, and which business he continued until the time of his death.

For more than twenty-four years, Mr. Jordan has been one of the most prominent and public spirited business men of Gainesville, and his death will be a serious public loss. Always foremost in all works of charity, he will be especially missed by all the charitable organizations of the city, and by the Episcopal Church, of which he was a consistent member and parish treasurer. The magnificent edifice recently erected by the Episcopalians in this city is a monument to the untiring zeal and liberality of such members as Mr. Jordan, who put their church work above everything and faithfully discharged every duty put upon them.

True as steel in his friendships, lofty in his ideals of manhood and citizenship, generous, charitable and kindly, his death will be keenly regretted by the entire community, and Gainesville loses one of her best friends and workers.

Mr. Jordan was twice married. His first wife, Mary R. McGawan of Steubenville, Ohio, to whom he was married in October 1889, died August 29, 1892, and on January 20, 1897, he was wedded in Holy Trinity Church, this city, to Esther S. Chesnut, daughter of Mr. and Mrs. James Chesnut of this county, who survives him. The latter marriage was blessed with three children, two of whom are now living—a son, Birkett Fry, aged two years, and Esther Chesnut, little daughter, only born to them a few days prior to the father's death.

Other immediate relatives of Mr. Jordan living in this city are three sisters, Mrs. N. D. Phillips, Mrs. W. W. Hampton and Mrs. C. J. Richards.

The funeral services, conducted by Rev. Francis H. Craighill, rector, will occur at Holy Trinity Church at 10 o'clock this morning, and the services at the cemetery will be participated in by the Elks and Odd Fellows lodges, of which he was a member.

The following pallbearers have been selected: Frank D. Warner, Jesse R. Emerson, Phillip Miller, J. S. Bodiford, R. L. Stringfellow, H. S. Chubb, A. M. Cushman and B. F. Hampton.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

In the Mayor's Court.

There was only one case before the mayor's court Wednesday morning, which cost the offender about $12.50

Eliza Williams, a colored woman, collided on a great, big, wide sidewalk with a white man, when said white man got so provoked he had Eliza arrested.

Eliza appeared in court, and the white man appeared against her—not in the same manner, however, as she appeared "against" him on the evening previous. She was fined ten dollars and costs, which she paid and was released.

Napoleon Bonaparte

Showed at the battle of Austerlitz he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best liniment in the world. A quick cure for rheumatism, sprains, burns, cuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, [illegible] ache, corns—in fact for anything that can be reached by a liniment." Sold by W. M. Johnson.

MEETING SCHOOL BOARD.

Appropriation Made For Exhibit For the Florida State Fair.

A special meeting of the Board of Public Instruction of Alachua county was held at the office of Superintendent Dr. J. L. Kelley Wednesday, which was called for the purpose of discussing and considering an appropriation for an educational exhibit at the Florida State Fair, to be held in Tampa in November.

There were present at this meeting Chairman R. B. Weeks of Hawthorn, Hon. Thos. A. Doke of Santa Fe, and Superintendent Kelley.

Several prominent citizens appeared before the board and spoke in behalf of an exhibit, when the board decided to make an appropriation and leave the matter of an exhibit entirely at the discretion of the superintendent, Dr. Kelley.

Dr. Kelley is a progressive official and a progressive citizen, and no doubt an exhibit will be made.

County Commissioners.

An adjourned meeting of the Board of County Commissioners was held Wednesday, at which the tax books were received and the registration list revised. The meeting was attended by every member of the board.

INDIGESTION A CRIME.

Don't You Want a Keen Appetite and Perfect Health Once More?

Don't you want keen appetite, vigorous digestion, strong heart action, pure blood, nerves of steel, and natural strength and health restored to you once more?

If you continue to suffer with the ills of indigestion, such as headaches, backaches, sleeplessness, nausea and distress after eating, specks before the eyes, despondency and nervousness, now that you have been told of the good Mi-o-na stomach tablets will do you, then your indigestion is an absolute crime.

Mi-o-na will strengthen all the organs of digestion, so that you will get from your food the nourishment that is needed to support the vital forces and strengthen the nerve powers; the flagging spirits of mind and body will be rejuvenated; hope, courage and strength will be restored.

The fact that Mi-o-na is sold under an absolute guarantee by J. W. McCollum & Co. to strengthen the digestive system and restore health, or they will refund the money, proves most clearly and strongly the great merit of this remedy.

Ask them to show you the guarantee they give with every 50-cent box of Mi-o-na. This will show their faith in the remedy, and Mi-o-na itself will soon demonstrate its health-giving qualities.

Jonesville Notes.

Jonesville, Oct. 16 —Mrs. Kate Jackson is visiting her parents, Mr. and Mrs J. I. Griffin.

W. M. Danforth is at the home of H. A. Pickett. Mr. Danforth has been very ill since last April, and his friends hope he will soon be well again.

Mrs. Elias Sapp, after an illness of about two years, passed away on last Saturday. Quite a number of her friends attended the interment, which was at Jonesville cemetery. She leaves two daughters, one son and husband to mourn her loss. They have the heartfelt sympathy of this community.

Miss Clem Pickett is attending the public school in Gainesville.

Mrs. Tom Knight, mother of Mr. Glover Watson of this place, passed away yesterday morning at her home near Newberry. She will be buried today at Jonesville cemetery. Mrs. Knight was taken ill last Saturday morning, and all that loving hands and physicians could do was done.

Mrs. T. R. Pickett has returned from Cedar Key, where she has been visiting friends.

Micanopy Happenings.

Micanopy, Oct. 17.—William Johnson, who was shot sometime ago, is able to be about again.

Mr. Gunter, our livery stable man, had a horse to fall and break its leg while out on a drive.

Barron Thrasher, who was hit in the eye by a part of a cartridge which exploded, is improving.

Our town is without a dentist now, and we would be glad for some good dentist to locate here.

Mrs. Gray of Flemington was in town shopping Tuesday.

Mrs. J. F. Bruton of Central was in town this week.

A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe, cough, and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

The mind is found most acute and most uneasy in the morning. Uneasiness is, indeed, a species of sagacity—a passive sagacity. Fools are never uneasy.—Goethe.

A HORSE IS POISONED.

Valuable Animal Belonging to Jim Dell Victim of Poison.

A valuable horse belonging to James B. Dell is the victim of poison, some miscreant having gone into the stable and administered a quantity of Paris green during Tuesday night.

Mr. Dell was out of the city at the time, but those on the premises were attracted by the distressful groans of the animal. Going to the stable they found the horse laying prostrate, and after investigation it was found that Paris green was the cause of the trouble.

The animal is still living, but is in a dangerous condition. If the coward who administered the poison is apprehended, nothing will be too hard for him.

A NEW ENTERPRISE.

Grist Mill and Novelty Works Established in West Gainesville.

There has been established a new enterprise in Gainesville—at least, it may be said, another enterprise, in the nature of an up-to-date grist mill and novelty works. The proprietors are John Chesnut and J. A. Whiting, and the location is on West Masonic street, facing the Gainesville and Gulf railway. The building, which was formerly used as a moss mill, has been thoroughly overhauled and altered in a manner which will make it appropriate. The latest machinery will be installed, and in all this enterprise will be one which will be a credit and a benefit to Gainesville.

Don't Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Parker-O'Quinn Nuptials.

The social event of the season in LaCrosse was the marriage Wednesday of Miss Bessie Bell, the accomplished daughter of Captain and Mrs. Henry C. Parker, to Barney O'Quinn, which event occurred in the First Baptist Church at that place.

The bride is one of the most popular young ladies of her section, and is loved by her friends for her clever, amiable disposition. The groom is a rising young man of Mayo, where the couple will reside.

Friends of Miss Parker in this section extend congratulations, with the wish that her married life will be one of continued happiness.

CONTAGIOUS BLOOD POISON

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

1,000 Bales of Cotton Burn.

Birmingham, Ala., Oct. 17.—A special to the News from Greensboro, Ala., says that the Greensboro warehouse, containing over 1,000 bales of cotton, was burned, causing a loss of upwards of $100,000, partially covered by insurance. The warehouse was owned by J. A. Blunt and T. R. Ward, both of Greensboro. The fire originated from sparks from a passing locomotive and though discovered early could not be quelled because of the scarcity of water. The telegraph wires burned down and the town was cut off from communication except by telephone.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

Deep Waterway Urged.

Chicago, Oct. 17.—The control of the commerce of the Panama canal and of the whole Mississippi valley is the incentive for the creating of a deep waterway which Congressman Joseph E. Ransdell of Louisiana proposed to Chicago business interests in an address at the Press club. Incidentally the congressman expressed the hope that the Niagara Falls commission, which meets here, will take no action tending to interfere with the waterway project.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by all druggists.

Iron Properties Changes Hands.

Birmingham, Ala., Oct. 17.—Official announcement was made here Tuesday of the purchase of the properties of the Georgia Coal and Iron company by the Southern Steel company, the consideration being in the neighborhood of $2,000,000. The properties acquired consist of a 200-ton iron furnace at Rising Fawn, Ga., 51,000 acres of mineral lands in North Georgia, 330 coke ovens and several coal and ore mines. Rising Fawn was the principal seat of operations of the Georgia Coal and Iron company. The properties will be consolidated with those of the Southern Steel company, which recently absorbed the Lacey-Buek Iron company and the Chattanooga Coal and Iron company.

Nothing to Fear.

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by all druggists.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

WHAT CONGRESS DID.

President Roosevelt says that the 59th Congress at its first session effected more good legislation than any other Congress in many years. The truth is that it effected nothing of any permanent value, while it rejected more good measures and adopted more bad ones than any other Congress in the history of the United States.

It rejected the Tillman bill to prevent contributions by corporations to party campaign funds, although that excellent bill passed the Senate.

It rejected the Williams bill to reduce the tariff on all articles on which the duty now exceeds 100 per cent, the Philippine tariff bill, and all other tariff propositions.

It rejected the anti-injunction bill, which had passed the House of Representatives unanimously on May 2, 1902.

It rejected the eight-hour bill, after the Committee on Education and Labor had reported it favorably.

It rejected the bill relating to suits for injuries brought by employes of railroad and mining corporations.

It rejected the bill relating to contempts in Federal Courts and providing for trial by jury in cases of indirect contempt.

It rejected the prison contract labor bill.

It rejected the bill relating to hours of labor of railroad employes.

It rejected the LaFollette amendment to the railroad rate bill, a proposition endorsed by Organized Labor, defining the liability of employers for injuries to employes while engaged in the performance of duty; and passed a separate bill, opposed by Organized Labor, deceitfully styled the "employer's liability bill."

It rejected an amendment to the railroad rate bill to provide for excluding watered stock from the valuation put upon railroads by the Interstate Commerce Commission in determining reasonable compensation for capital invested.

It rejected another amendment to the same bill, intending to prevent judges having a personal interest in railroad cases from sitting in judgment in such cases.

It rejected the Bailey amendment to the same bill, intended to prevent Federal judges from enjoining, restraining or setting aside orders of the Interstate Commerce Commission fixing reasonable rates.

It rejected the Immigration bill.

It defeated the Beveridge amendment to the Agricultural appropriation bill requiring the beef packers to pay expenses of Federal inspection, and placing the cost of such inspection on the taxpayers. It rejected a bill to untax building material for stricken 'Frisco, and the Republicans of that State have since endorsed such a bill.

All these measures and many more of similar character Congress refused to pass.

Congress did pass the Aldrich resolution for the protection of the Steel Trust and other Trusts, by requiring all material and equipment for the construction of the Panama Canal to be bought from the Trusts.

It did pass an amendment to the urgent deficiency bill, abolishing the eight-hour law, and the Chinese exclusion act as to the laborers on the Panama Canal.

This Congress has appropriated more money for the Army and Navy at one session than any other Congress ever did at one session in time of peace—$102,091,670 for the Navy and $71,817,165 for the Army.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FARMER, HOG AND HOMINY.

It is unnecessary for The Sun to recapitulate the Sea Island cotton crop for the season which is now nearing a close, for it would be a sad story to the honest farmer whose hopes at the beginning of the season were so high. At any rate, it may be added that the output has fallen far short of that which was anticipated, with the result that the cotton crop this year, as it has been in years before, was a dismal failure, brought about not by a decrease in acreage, but by unfavorable conditions of the weather.

But who is to suffer for this calamity? Not the fellow who has plenty of money with which to purchase the cotton, but by the farmer, who as a rule is dependent upon his products, and who must realize financial benefits therefrom.

The time has come when planters should devote their time and their land and their energy to more substantial products of the soil than cotton. They must get to raising more hog and hominy, and, to an extent, abandon the cultivation of cotton.

By this statement The Sun does not wish to be understood that this industry must be entirely eliminated from the farm; but by decreasing the acreage the loss by adverse conditions, if any, will not be so serious, and the decrease of acreage must naturally mean the increase of marketable value.

If our planters will take the advice here offered, and will turn their attention to the cultivation of corn, oats, hay, potatoes, sugarcane and other diversified crops which will fill the cribs and barns and smoke-houses, they will find themselves a great deal better off in the due course of time.

Let the farmer quit raising five-cent cotton and buying twelve-cent bacon.

The coffee trust has entered into a deal with the Brazilian government to raise the price of coffee to American consumers. When an American corporation can enter into an alliance or treaty with a foreign government with the design of pillaging the American people, it is time to exterminate such a corporation as a public enemy.

THE NEW AND ENLARGED EDITION OF
WEBSTER'S INTERNATIONAL DICTIONARY

Excels in Vocabulary. It is the most useful in size and contents, judiciously selected to exclude corruptions of good usage, and to avoid unintelligible technicalities.

Excels in Arrangement. Each word begins a paragraph in its correct alphabetical place and is readily caught by the eye.

Excels in Etymologies. These are complete and scientific, and embody the best results of philology. They are not cramped or crowded into obscure places.

Excels in Pronunciation which is indicated by respelling with the diacritically marked letters used in the schoolbooks, the sounds of which are taught in the public schools.

Excels in Definitions. They are clear, terse, yet complete, and are given in the order in which the word has acquired its shades of meaning. Many of the definitions are illustrated.

Excels in its Appendix which is a packed storehouse of useful knowledge.

Excels as a Working Dictionary. No other book embodies so much useful information, or is so indispensable in the home, study, school, or office.

The International has 2380 quarto pages with 5000 illustrations. 25,000 new words have recently been added and the Gazetteer of the World, and Biographical Dictionary have been completely revised under the supervision of W. T. Harris, Ph.D., LL.D., U. S. Commissioner of Education.

FREE—"A Test in Pronunciation," instructive and entertaining for the whole family. Also illustrated pamphlet.

EARTH'S MOTION.

Demonstrate It by a Simple Experiment.

It is possible to prove that the earth revolves on its axis by a simple experiment and without having recourse to mathematics. Take a good sized bowl, fill it nearly full of water and place it upon the floor of a room that is not exposed to shaking from passing vehicles in the street.

Then sprinkle over the surface of the water a thin coating of lycopodium powder, a highly inflammable substance which is sometimes used in the toilet and can be bought at any large drug store. Then upon the surface of this coating of powder make a mark with powdered charcoal a straight line, say, an inch or two inches in length and lying north and south. Having made this little black mark with the powdered charcoal powder on the surface of the contents of the bowl, lay a stick or some other straight object, so that it shall be exactly parallel with the mark. If the stick happens to be parallel with a meridian of the floor or with any stationary object in the room this will be sufficiently well.

Then leave the bowl undisturbed for a few hours and then notice the position of the black mark with reference to the stick that it was parallel with. It will be found to have shifted its direction and to have moved from east to west—that is to say, in a direction opposite to that of the movement of the earth on its axis.

The rotation of the earth in simply revolving has carried the water and everything else in the bowl around with it, but the powder on the surface has been left behind a little. The line will always be found to have moved from east to west, which is good proof that everything else has moved the other way.

A Young Mother at 70.

Every young mother has suddenly been made grandmother at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. L. Gilpanrick of Danforth, Me. Greatest restorative medicine on the earth. Sets stomach, liver and kidneys right, purifies the blood, and cures malaria, billiousness and weakness. Wonderful nerve tonic. Price 50c. Guaranteed by all druggists.

Fruit Tree Wood.

Many farmers who occasionally order the destruction of fruit trees on account of advanced age or unfruitfulness are quite unaware of the value attached to much of the wood thus sacrificed. Cherry wood is largely used for furniture and when polished reveals a beautiful color and provides a passable imitation of mahogany. Apple tree wood is remarkably well adapted to turner's work and is in demand for making cogwheels on account of its great strength and durability. The cogs of wooden mill wheels are often made of apple wood. It is also extensively used for fruit presses, where it proves very durable. The value of walnut wood in fine cabinet work is well known, and good prices are obtained for this beautiful and popular wood.—London Times.

Danger from the Plague.

There's grave danger from the plague of coughs and colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls of Forest City, Me., writes: "It's a blessing to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents pneumonia, cures lagrippe, gives wonderful relief in asthma and hay fever, and makes weak lungs strong enough to ward off consumption. Coughs and colds. 50c and $1.00. Guaranteed by all druggists. Trial bottle free.

Ambition.

"No, Tommy," said his mother; "you can't have any more cake. You've had enough."

"What a fine little fellow he is!" replied the guest. "And when you're a man, Tommy, what are you going to be?"

"I'm goin' ter buy too much of everything I like to eat," replied Tommy promptly.—Philadelphia Press.

Sick Headache Cured.

Every sick headache is caused by derangement of the stomach and by indigestion. Chamberlain's Stomach and Liver Tablets correct these disorders and effect a cure. By taking these tablets as soon as the first indication of the disease appears, the attack may be warded off. For sale by all druggists.

The Beard In Tunis.

In Tunis when a reigning prince finds it necessary to go outside his immediate family to choose his successor he follows an odd custom. There the wearing of hair on the face is the exclusive privilege of sovereignty. When the prince selects a successor he sends the court barber to the fortunate individual to notify him that he may wear a beard. This intimation is equivalent to a formal announcement that he has been selected as the heir presumptive.

Lest We

Forget—baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.

His Will.

"Do you think the widow will break his will?"

"Won't be necessary. She did that long before she became a widow."—Philadelphia Ledger.

A man's health is something like an umbrella. When once lost it is hard to get back, but when worn a little it may be recovered.

A Badly Burned Girl

The rain of yesterday was refreshing, and tended to relieve the streets of the dust, which has proved quite annoying for the past few days. The truckers are needing rain badly in many sections of the county, and if this distribution of sky juice was general, a great deal of benefit will be the result.

CHEAPEST STORE ON EARTH

HOISERY TALK.

The season has now come when it is necessary for the whole family to wear Shoes, and of course you can't wear Shoes without Stockings, and usually the Stocking bill is more than the Shoe bill. This will not be the case if you buy a standard brand of goods.

We have just received a large shipment of the celebrated BLACK CAT HOISERY for Men, Women and Children, and this brand is too well known to need much talking about. The price commences at 10c and runs up. The Boys' Hose at 15 and 25c wear almost like leather. See the line and try a pair next time you buy.

The Radcliffe Shoe for Ladies'—both button and lace—at $2.50 per pair are the best that money can buy.

We are now showing many new things in Fall and Winter Goods. It will pay you handsomely to do your trading with us, no matter what you need.

EMAINS OF JONES ARRIVES AT HOME

ecial Train Due at Cartersville Tuesday Afternoon.

UNERAL SERVICES THURSDAY

evs. George Stuart, Walter Holcomb, J. A. Bowen, French E. Oliver, Geo. Duvall and Other Ministers Will Conduct Services.

Stevenson, Ala., Oct. 17.—A special train will arrive in Cartersville with the remains at 1 p. m. Tuesday and funeral services of the late Rev. Sam P. Jones will be conducted at the Cartersville Tabernacle Wednesday at 2 p. m.

Revs. George Stuart, Walter Holcomb, J. A. Bowen, French E. Oliver, George Duvall and other ministers will assist.

On account of the public interest all over the south, Mrs. Jones and daughters have changed the date for the funeral from Wednesday afternoon till Thursday, at 2 p. m. The remains will lie in state at their Cartersville home.

Sketch of Rev. Sam Jones.

Rev. Samuel Porter Jones, one of the greatest and most unique evangelists in the country, and sometimes known as the "Mountain Evangelist," was born at Oak Bowery, in Chambers county, Alabama, on Oct. 16, 1847. Had he lived until Tuesday he would have been 59 years of age.

He was a son of John Joseph Jones and Nancy (Porter) Jones. His father, having married for the second time, came to Cartersville in 1858 and here young Sam Jones spent his youth and young manhood. He was not a particularly bright student and his parents took him away from school and put him under the private tutelage of Mrs. William H. Felton.

It was his ambition to become a lawyer and he studied for the bar, being admitted in 1869, when he was 22 years of age.

Close confinement in the office and the application required in the work he cut out for himself, soon undermined his health, and he became a victim of nervous dyspepsia. The failure to secure relief from medical treatment drove him after a while to alcoholic excesses.

Before long he was forced to abandon his practice, in which he had never made a pronounced success, and became a day laborer. One occupation which he was forced to take up, was that of driver of a dray in the streets of Cartersville. Under the favorable opportunity that this close communion with the humbler element of the people gave him, the mingling with the flotsam and jetsam of humanity, he was studying the great problem of man and laying up a vast fund of information that enabled him to know and touch the hearts of men.

The conversion of Sam Jones from the life of sin and debauchery into which he had been gradually sinking deeper, dates from his father's death in 1873. The old gentleman gathered his children around him and bade them goodbye, comforting them with the assurance that he would meet all of them one day in Heaven—all except one.

The lesson went home to the heart of the wayward young man, and the next Sunday he accompanied his grandfather, a Methodist minister, to church and before he left the church he had made a confession before the whole congregation and preached such an exhortation as Felton's chapel never heard before nor since.

Sam Jones' marriage occurred in Kentucky when he was 22 years of age. He returned with his wife to Cartersville, Ga., and they have made it their home ever since. Before her marriage Mrs. Jones was Miss Laura McElwaine of Eminence, Ky.

A short while after Sam Jones' conversion in 1872 he entered the North Georgia conference and began the religious and evangelical work in which he has attained such noble success.

He was a Methodist pastor for five years. Then he became agent for the Methodist Orphans' home in Decatur.

Sam Jones was noted for his vigorous, unceasing advocacy of prohibition. Whenever a prohibition campaign was to be fought, in Georgia, Alabama, or wherever he could lend his assistance, Sam Jones was on the spot and fought with determination and unflinching spirit.

In 1893 he gave up his work at the orphanage and started out as an evangelist. His great record in revival meetings throughout the country is well known. His first big meeting was in Boston, where he won the hearts of the northerners by his great work. His largest meeting of recent years was in Cincinnati. His last meeting in the south was at his home town, Cartersville, where a two weeks' revival was held in September.

Among some of Sam Jones' distinctive works, which are noted for their unconventionality and for their lucid clearness, are "Sermons and Sayings by Sam Jones," "Music Hall Sermons," "Quit Your Meanness," "St. Louis Series," "Sam Jones' Own Book," and "Thunderbolts."

MR. JORDAN DEAD.

One of Gainesville's Most Widely Known Citizens Has Passed Away.

After an illness lasting many weeks, Mr. Birkett Fry Jordan died at his home, 401 Oak avenue, this city, Wednesday morning Oct. 17, 1906, at 6:30 o'clock. Although his death is a great shock to his relatives and the entire community, it was not unexpected, as he had been in failing health for several months, but only within the past few weeks has the dangerous nature of his malady been apparent. Since his return from Saratoga, N. Y., a few weeks ago, his decline has been very rapid, and for several days the end had been looked for hourly.

Mr. Jordan was born in Tallassee, Ala., March 31, 1856, and came to this county in 1876, his first residence being on Wauberg Lake, where he lived for many years, and where he built up one of the finest orange groves in the State, of which he was part owner. Later he removed to Gainesville, engaged in the insurance business, and which business he continued until the time of his death.

For more than twenty-four years, Mr. Jordan has been one of the most prominent and public spirited business men of Gainesville, and his death will be a serious public loss. Always foremost in all works of charity, he will be especially missed by all the charitable organizations of the city, and by the Episcopal Church, of which he was a consistent member and parish treasurer. The magnificent edifice recently erected by the Episcopalians in this city is a monument to the untiring zeal and liberality of such members as Mr. Jordan, who put their church work above everything and faithfully discharged every duty put upon them.

True as steel in his friendships, lofty in his ideals of manhood and citizenship, generous, charitable and kindly, his death will be keenly regretted by the entire community, and Gainesville loses one of her best friends and workers.

Mr. Jordan was twice married. His first wife, Mary R. McGawan of Steubenville, Ohio, to whom he was married in October 1889, died August 29, 1892, and on January 20, 1897, he was wedded in Holy Trinity Church, this city, to Esther S. Chesnut, daughter of Mr. and Mrs. James Chesnut of this county, who survives him. The latter marriage was blessed with three children, two of whom are now living—a son, Birkett Fry, aged two years, and Esther Chesnut, little daughter, only born to them a few days prior to the father's death.

Other immediate relatives of Mr. Jordan living in this city are three sisters, Mrs. N. D. Phillips, Mrs. W. W. Hampton and Mrs. C. J. Richards.

The funeral services, conducted by Rev. Francis H. Craighill, rector, will occur at Holy Trinity Church at 10 o'clock this morning, and the services at the cemetery will be participated in by the Elks and Odd Fellows lodges, of which he was a member.

NEWS FROM THE COUNTY AT LARGE

ORANGE HEIGHTS NEWS.

A Pleasant Social Occasion—A Revival—Other Notes of Interest.

Orange Heights, Oct. 17.—The Sun correspondent from this place has been silent so long that it is hard to break the ice again, but lest the readers of this popular paper should forget that there is a town in Florida bearing this name, has decided to rally again.

We are having beautiful weather, and the monthof October from the beginning to the middle has been one of pleasure, picnics and socials, celebrations and parties, now and then sandwiched with a pleasant boiling or cane grinding.

Last week Rev. Sistrunk of Melrose carried on a meeting in the M. E church, preaching morning and evening, and though there were not many accensions to the church, all felt that the meeting had done good and were sorry to see it brought to a close. On Friday the ladies served ice cream and cake after preaching, and a neat sum was realized on the church debt.

On Friday night of last week a peanut boiling was given at Mrs. Ward's. Many young people from this vicinity attended, and a good time was reported.

On Saturday night a nice social was given at the home of J. A. King. A number of their neighbors and friends were present, and were royally entertained. The home was artistically decorated with palms, honeysuckle and holly, while beautiful boquets of roses perfumed the air. Music, conversation and laughter combined, rang out all over the house. Mr. King's daughters, Mabel and Blanche, played the piano, Miss Lizzie Ward the organ, accompanied by her brother with the mouth organ. At the hour of 10 p. m. refreshments were served, and everybody had a good time.

Mrs. Charles Eddy drove to Gainesville Friday, bringing home with her her accomplished daughters, Minnie-Ella and Bessie, who are attending the Tebeau School.

Our school began Monday with a full attendance. We have Prof. Fielding, who taught here last year. We welcome him back; he is well liked as a teacher, and is a moral young man.

Mr. and Mrs. Daugherty left today for their new home in Fitzgerald, Ga.

WACAHOOTA NOTES.

Surprise Birthday Party to Mrs. J. P. Smith—Other News.

Wacahoota, Oct. 17.—On October 12 a surprise birthday party was given Mrs. J. P. Smith at the home of her son, V. P. Smith. It was given by her children and a few friends, Mr. and Mrs. J. O. Tyson and Mr. and Mrs. C. R. Curry.

Mrs. Smith is one of the oldest settlers of this community, and is much loved by all who know her. She was the recipient of many useful presents. Each family brought well filled baskets and at 8 o'clock they all were invited to the dining-room, where they did full justice to the many good things, which consisted of chicken roasted and fried and chicken pie, roast pork, baked beans, maccaroni, breads, pickles, salads, pies, custards and cake. The evening was spent in pleasant conversation and music. In leaving, all wished Mrs. Smith many more happy birthdays.

The cemetery working of the M. E. church on October 11th was well attended, and the graves are looking neat and clean.

The work of re-covering the Baptist church has begun and we hope will soon be completed, as Rev. Cullum will begin a series of meetings here Sunday.

Miss Florence Bradley invited a few friends to her home Wednesday evening to meet her cousin, Mrs. Van Winkle. The evening was passed in beautiful violin and piano music.

Miss Hassie Smith returned home Thursday from a few days' visit to Tacoma.

Miss Irene Beck, a beautiful and accomplished music teacher of Fellowship, is here giving music lessons.

Mrs. V. P. Smith and daughter, Miss Janie, and Misses Hassie and Rosa Lee Smith, left Monday for LaCrosse to attend the wedding of Miss Bessie Parker to Mr. Barney O'Quinn. The marriage was solemnized at the First Baptist Church of LaCrosse on Wednesday, October 17, at 2 o'clock. Miss Hassie Smith played Mendenssohn's beautiful wedding march for the bridal procession. Her dress was of light blue silk, trimmed in ribbon rosetts. Miss Janie Smith was maid of honor and her lovely dress was of white net over white silk.

We are needing rain badly at this writing.

Jonesville Notes.

Jonesville, Oct. 16 —Mrs. Kate Jackson is visiting her parents, Mr. and Mrs. J. I. Griffin.

W. M. Danforth is at the home of H. A. Pickett. Mr. Danforth has been very ill since last April, and his friends hope he will soon be well again.

Mrs. Elias Sapp, after an illness of about two years, passed away on last Saturday. Quite a number of her friends attended the interment, which was at Jonesville cemetery. She leaves two daughters, one son and husband to mourn her loss. They have the heartfelt sympathy of this community.

Miss Clem Pickett is attending the public school in Gainesville.

Mrs. Tom Knight, mother of Mr. Glover Watson of this place, passed away yesterday morning at her home near Newberry. She will be buried today at Jonesville cemetery. Mrs. Knight was taken ill last Saturday morning, and all that loving hands and physicians could do was done.

Mrs. T. R. Pickett has returned from Cedar Key, where she has been visiting friends.

Micanopy Happenings.

Micanopy, Oct. 17.—William Johnson, who was shot sometime ago, is able to be about again.

Mr. Gunter, our livery stable man, had a horse to fall and break its leg while out on a drive.

Barton Thrasher, who was hit in the eye by a part of a cartridge which exploded, is improving.

Our town is without a dentist now, and we would be glad for some good dentist to locate here.

Mrs. Gray of Flemington was in town shopping Tuesday.

Mrs. J. F. Bruton of Central was in town this week.

Iron Properties Changes Hands.

Birmingham, Ala., Oct. 17.—Official announcement was made here Tuesday of the purchase of the properties of the Georgia Coal and Iron company by the Southern Steel company, the consideration being in the neighborhood of $2,000,000. The properties acquired consist of a 200 ton iron furnace at Rising Fawn, Ga., 51,000 acres of mineral lands in North Georgia, 320 coke ovens and several coal and ore mines. Rising Fawn was the principal seat of operations of the Georgia Coal and Iron company. The properties will be consolidated with those of the Southern Steel company, which recently absorbed the Lacey-Buck Iron company and the Chattanooga Coal and Iron company.

Deep Waterway Urged.

Chicago, Oct. 17.—The control of the commerce of the Panama canal and of the whole Mississippi valley is the incentive for the creating of a deep waterway which Congressman Joseph E. Ransdell of Louisiana proposed to Chicago business interests in an address at the Press club. Incidentally the congressman expressed the hope that the Niagara Falls commission, which meets here, will take no action tending to interfere with the waterway project.

Bridge Superintendents Meet.

Boston, Mass., Oct. 17.—Members of the Association of Railway Superintendents of Bridges and Buildings assembled here Tuesday for the fourteenth annual meeting of their organization.

LONG SENTENCE IS GIVEN NEGRO

Branham Twice Convicted in Fulton County for ATTEMPTED CRIMINAL ASSAULT

Was Given Twenty Years for Attempt on Miss Mabel Lawrence, and Same Number of Years For Attempt on Her Aunt.

Atlanta, Oct. 17.—Twice tried and convicted of attempted criminal assault by separate juries in separate cases in one day, Robert Branham, alias Bud Branham, a negro, was sentenced Monday in the superior court by Judge Roan to 40 years' imprisonment in the penitentiary—a 20-year term for the attempted assault upon Miss Mabel Lawrence, and the same term for the same crime attempted upon her aunt, Miss Ethel Lawrence.

The court appointed Alonzo Brand and W. D. Ellis, Jr., to defend the negro, and he was given the benefit of a fair and impartial trial, his counsel and the court protecting every right assured him by the law.

Branham is 28 years old, of average height and weight, and is of a distinctly African type, with receding forehead and chin and thick, protruding lips. His glance roved about the floor during the greater portion of the two trials, and he evinced little or no emotion when the verdicts of guilty were rendered in the two cases, nor did he show a trace of emotion when sentence was pronounced upon him.

He mumbled rather than spoke his statement, which was that in no shape, form or fashion was he concerned in the crime charged against him, and when asked by Judge Roan what he had to say before sentence was pronounced, the negro said:

"I'm sorry that it happened like it did, but it can't be hoped."

Judge Roan then imposed the maximum sentence of the law—20 years in each case, remarking at the time that he felt that the law should punish attempts to commit rape by death.

The negro was tried under two indictments, one for the attempted assault upon Miss Mabel Lawrence, the other for the attempted assault upon Miss Ethel Lawrence, daughter and sister, respectively, of W. C. Lawrence of Copenhill.

The case for the attempted assault upon Miss Mabel Lawrence was tried first. That young lady, who is but 14 years old, and possessed of a remarkable degree of intelligence, told the details of the attempted assault and without the least hesitation identified Branham as her assailant from among the 11 other negro men who were brought into the courtroom with him.

The negro made no defense except a denial of any connection with the crime, every statement made by him to his lawyers as to persons who could establish an alibi for him having been run down and found untrue.

On his way to the jail Branham stated that he was captured by T. W. Hunter, in Gwinnett county. It is understood that the rewards offered by the county, state and a local paper aggregate something over $1,000 for the capture and conviction of the assailant of the Misses Lawrence.

Solicitor General Charles D. Hill did not argue the cases before the two juries, simply commenting on the language used by the negro before he made the attack, and arguing that it clearly showed his criminal intent.

Without Legal Power.

Columbus, O., Oct. 17.—The Drake investigating committee, created by the legislature last winter without power in a legal sense, committee was created to probe the affairs of Hamilton county and Cincinnati, and the committee held meetings in Cincinnati several times and also in this city. The case came to the supreme court through the suit brought by the Roberts Paving company of Cincinnati, which sued the state auditor to compel him to issue a warrant on the treasurer for payment for work done by the committee.

S. A. L. AND G. & G. IN BAD COLLISION

Presence of Mind of G. & G. Engineer Probably Saved Lives.

S. A. L. CRASHED FREIGHT CAR

Engineer of G. & G. Realized That Collision Was Inevitable, and Stopped His Train in Position Where Passengers Were Saved.

Seaboard freight train, south-bound, Engineer George and Conductor Mc-[illegible], and Gainesville and Gulf combi-[illegible] train, north-bound from Fair-[illegible], Engineer Jenkins and Conduc-[illegible] Stokes, came into collision at the [illegible] of the two roads about 11 o'clock Monday morning with disas-[illegible] results, a freight car of the Gainesville and Gulf and a locomotive of the Seaboard being mixed up and heavily damaged. In fact, the freight car was almost demolished. The en-[illegible] was thrown from the track, and blocked the way for several hours.

It seems, from what could be learned, that the engineer of the Seaboard did not bring his engine to a stop, as is required by regulations. Engineer Jenkins stopped and blew the signal, when he proceeded over the crossing, having the right-of-way by virtue of the time of arrival at the crossing. He naturally labored under the impression that the Seaboard train would give him clearing, but when he was at the crossing noticed that the Seaboard did not stop. Realizing that a collision was certain, and with that presence of mind for which he is to be commended, he brought his train to a full stop with a freight car over the crossing, thus protecting the passenger cars and passengers, of whom there were several, including General, Manager Atkinson and his wife in their private car, No. 99.

Fortunately no one was injured, which is due to the presence of mind of Engineer Jenkins in stopping his train where he did.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

KENNEDY STILL ALIVE.

Writes a Friend Here That He Is the Liviest "Corpse" Imaginable.

A friend of Robt. E. Kennedy, familiarly known as "Roaring Bill," the baseball player and athlete who was for two years connected with the Oak Hall baseball team and one season physical director of East Florida Seminary, whom it was reported was recently killed in a football game in Pennsylvania, has received a letter from Mr. Kennedy, who is now in Camden, S. C.

"I note by several papers throughout Florida, including The Gainesville Sun, that I am dead," good-naturedly wrote Mr. Kennedy, "but I want to tell you that I am about the liveliest corpse you ever heard about, and I propose to be in Florida on time for the winter's sports. Tell my friends when you meet them that when they see me walking about the streets of Jacksonville and Gainesville not to be alarmed, for I am not a walking corpse."

This rumor gained circulation from the fact that there was an athlete by the same name and initial killed in a football game in the Keystone State, and the last heard of "Roaring Bill" by his friends here was in Pennsylvania. The inference was natural that he was the victim of this fatal accident.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Makes Homely Women Pretty.

No woman no matter how regular her features may be can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co.

THE NEWS FROM MELROSE.

Base Ball Team Victorious—Cleaning. Other Notes.

Melrose, Oct. 16.—The semi-annual cleaning of the cemetery took place on the 9th, and as usual brought out a large crowd, who after their hard work were quite ready to enjoy the fine dinner provided by the ladies.

Rev. T. J. Sistrunk is conducting revival services at the M. E. Church during the present week.

The cold snap during the past few days did no damage in this neighborhood, the lowest temperature being forty degrees on the morning of the 11th.

Miss Leona Jackson returned on Wednesday from her trip North, making quite a round of visits to friends in Connecticut and New Jersey.

Dr. Frank McRae is getting ready for a deer-hunt. He will be absent from Nov. 1 for eight or ten days, so everybody will have to keep well during that time.

H. Grimes of the Seaboard Air Line staff at Savannah is visiting his parents for a week before going South to arrange for orange shipments.

J. M. Yearwood has taken the contract to mow the weeds in the town, and will commence Monday. The attention of the citizens is called to the mayor's notice regarding the clearing of the sidewalks as posted in the post-office.

A four-mule team took the Melrose nine and their friends to Interlachen on Saturday morning for a game of baseball, returning at a late hour with a joyful crowd, the score being 18 to 3.

Miss Neva Husband celebrated her tenth birthday on Tuesday, by giving a party to about twenty of her young friends, the afternoon being very pleasantly spent by playing games and enjoying the ice cream and cake served to them.

CATARRH SEASON.

Disease Most Prevalent in the Fall Months—Simple Way to Cure.

With the cool nights of fall, catarrhal troubles in Gainesville are becoming more and more prevalent, and J. W. McCollum & Co., as a consequence, find their sales of Hyomei increasing.

At the first warning of catarrh, one should begin using Hyomei. A few days' treatment at this season of the year will often prevent a serious and chronic attack of catarrh.

There is no stomach dosing with Hyomei. The virtues of its healing oils and balsams are breathed through a neat pocket inhaler that comes with every outfit, and in that way the medication penetrates to the most remote cells of the nose, throat and lungs, killing catarrhal germs whenever present, and soothing and healing any irritation there may be in the mucous membrane.

If you have a cold, or there is any offensive discharge from the nose, or tickling or dropping at the back of the throat; if there is offensive breath, raising of mucous, and smarting and irritation in the throat; if there are any of the symptoms that indicate catarrhal troubles, begin the use of Hyomei at once.

You take no risk in paying $1 for a Hyomei outfit, as J. W. McCollum & Co. give their personal guarantee that if the remedy does not afford satisfaction your money will be refunded at once. Extra bottles of Hyomei, if needed, cost but 50 cents, making this the most economical treatment for catarrh, as well as the most reliable.

TWO NEW TRAINS TO BE INAUGURATED

Night Service Between Jacksonville and St. Petersburg.

WILL RUN VIA GAINESVILLE

Trains Will be Equipped With Fine Pullman Cars and Day Coaches. Extension of Service to Trenton and Wilcox Will Also be Made.

Owing to the extraordinary heavy travel at this season of the year, together with indications that the travel from the North will set in at least a month earlier than usual this season, the Atlantic Coast Line, it is said, will inaugurate its double daily service on the Jacksonville and St. Petersburg division a month earlier than usual, and the next schedule, which will be issued within the next two weeks, will inaugurate the night schedule between Jacksonville and St. Petersburg, via Gainesville. There will be a night train leaving Jacksonville about 9 o'clock and St. Petersburg about the same hour, each way, which will be equipped with Pullman sleepers and first-class day coaches.

This new train will afford an extra accommodation to the traveling public, which will be appreciated. Superintendent Glass is authority for the statement that the equipment of the train this season would be all that can be desired, and that passengers may travel with safety and comfort.

Another improvement in the service of the Atlantic Coast Line, which will be effective with the next schedule, will be the extension of the service on the Jacksonville and Southwestern division, of which an extension is now being constructed to Trenton and Wilcox, near the Suwannee river. This service will prove a great accommodation to the people of the West End, and one which will be appreciated.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." SKIN ERUPTIONS FOR 35 YEARS

Suffered Severely With Eczema All Over Body—Examined 15 Times by Government Board Who Said There Was No Cure—An Old Soldier Completely Cured.

A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a severe sufferer from eczema. The eruption was not confined to any one place. It was all over my body, limbs, and even on my head. I am sixty years old and an old soldier, and have been examined by the Government Board over fifteen times, and they said there was no cure for me. I have taken all kinds of medicine and have spent large sums of money for doctors, without avail. A short time ago I decided to try the Cuticura Remedies, and after using two cakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, two treatments in all, I am now well and completely cured. A thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John T. Roach, Richmondale, Ross Co., Ohio, July 17, 1905."

That Cuticura Soap is the best baby soap in the world for cleansing and purifying the skin, and that Cuticura Ointment is of priceless value for soothing and healing itching, torturing, and disfiguring eruptions. A single application of Cuticura Ointment, preceded by a warm bath with Cuticura Soap, gives instant relief, and refreshing sleep for skin-tortured babies, and rest for tired mothers. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry without hard rubbing, and apply Cuticura Ointment freely, to allay itching and inflammation, and soothe and heal.

MR. CALLISON FROM TAMPA.

Says the State Fair Is Going to be Biggest Florida Has Ever Seen.

N. A. Callison, general commissioner for the Alachua county exhibit at the State Fair, has returned from Tampa, where he went to arrange for space, etc., for Alachua county. He succeeded in securing the same space occupied by the county last year. Same will be entirely remodeled, and will present a very attractive appearance.

Mr. Callison is very enthusiastic over the prospects of the State Fair, which he declares promises to be one of the biggest shows the State has ever seen.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

MR. STRINGFELLOW'S PURCHASE

Has Bought the Elegant Ludwig Home on West Liberty Street.

J. D. Stringfellow has added to his real estate possessions by the purchase of the elegant E. Ludwig home, corner West Liberty and South Arredondo streets.

This home, which formerly belonged to R. L. Stringfellow, was sold about three years ago to Mr. Ludwig, who has since occupied it with his family. It is not only one of the most desirably located homes in the city, but one of the handsomest and most conveniently arranged, and the new owner is to be congratulated.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpanrick of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood, and cures malaria, billiousness and weakness. Wonderful nerve tonic. Price 50c. Guaranteed by all druggists.

On Automobile Tour.

Ed Carmichael and Gus Hailey of Ocala arrived in the city Tuesday morning. They came through in Mr. Carmichael's Northern automobile, leaving Ocala Monday afternoon. They are on a brief tour, and left in the afternoon for High Springs. From High Springs they will proceed down the West Coast division of the Atlantic Coast Line to Dunnellon, from whence they will return to Ocala.

Mr. Carmichael's machine is a good one, eighteen horse-power, and plows through the heavy roads with ease.

Danger from the Plague.

There's grave danger from the plague of coughs and colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures lagrippe, gives wonderful relief in asthma and hay fever, and makes weak lungs strong enough to ward off consumption, coughs and colds. 50c and $1.00. Skull Fractured by Negro.

Jacksonville, Fla., Oct. 16.—Joan Skeels, an aged merchant in the northern suburbs of this city, was assaulted in his store by a negro, who struck him with a club, fracturing the skull. The negro then robbed the cash drawer and escaped but was later captured. Skeels is in a dying condition.

Letter to Assessor W. W. Colson, Gainesville, Fla.

Dear Sir: A man fed his hens half meal and half sawdust; he thought they wouldn't know the difference. He concluded they did when the eggs hatched woodpeckers.

Another man painted a house with a paint that was made of half paint-substitutes. He didn't know the difference—not till he paid the painter.

He had 20 gallons to pay for, 20 instead of 10. Got fooled $12.50 on the paint.

He had 20 days' wages to pay for, 20 instead of 10. Fooled $30 in wages.

He got a poor job besides. He paid too much for his eggs, and they hatched woodpeckers.

Yours truly,
F. W. Devoe & Co.

Sir Thomas Lipton's announcement that he is coming again after the America's cup is the first indication that we have had of a slump in a British retail tea trade.

There are unmistakable evidences that the temperance people will exert every effort to have the next legislature pass a constitutional amendment submitting the question to the people as to whether intoxicating liquors shall be sold in the state.

With a heart full of grief does the south receive the news of the death of Mrs. Jefferson Davis, widow of the president of the Confederacy. The end came Tuesday night, she being at the time of her death over eighty years of age. Thus passes away another distinguished Southerner. Mrs. Davis contracted a severe cold on her return from the Adirondacks, where she had spent the summer, which went into pneumonia, causing her death.

In the death of Rev. Sam P. Jones, which occurred suddenly on a train in Kansas Monday morning, this country loses the most famous evangelist and platform orator, as well as one of the most successful, ever produced. The record of this man is wonderful. Rising from the offensive stenches of a saloon life, he became converted, and ever since blessed his fellow man by earnest and effective work. His death is deeply regretted throughout the entire country.

If the administration would do something to stop the tariff protected trusts from constantly advancing prices, there would be general rejoicing. The plan adopted of fining a few of the trusts virtually fines the American people, for the trusts get even by boosting up the price of their products. The Republican plan of standing pat and thus dodging the real trust issue does have the advantage of making trusts subscribe to campaign funds, and leaves the road clear for the continued plundering of the consumers through trust high prices.

REPORTS FROM CUBA.

Everything is coming along beautifully in Cuba, according to all official advices, and one may expect at any moment to hear that battle, murder and sudden death have broken out in almost any quarter. Officially the Cubans are coming in and laying down their arms with lamb-like docility, but there is a smoulder of smoke that portends a fire in several localities. The relatives of Congressman Villuendas, who was killed last year in Cienfuegas, have declared that they will not abide by the proclamation of Secretary Taft, which extended amnesty to the Congressman's slayers along with the other persons now in arms against the government. These relatives now say that they will take the matter into their own hands and avenge his death if the provisional government, or the succeeding Cuban administration, does not do so. There is trouble also in the neighborhood of Guantanamo and a report that yellow fever has broken out in the provinces of Cienfuegas and Pina del Rio. It is quite true that the yellow fever report does not carry with it the same portentiousness that attached to it during the American war with Spain. The American officials now know how to handle a yellow-fever outbreak, and it is not likely that such an epidemic will be allowed to gather any headway; but the outlook is not so cheerful as it might be for the 6,000 American troops, who are now on their way to Cuba.

The War Department, however, expresses itself as very much pleased with the showing that has been made with the transport service and the army movement generally under the direction of the General Staff. This is the first time since the creation of the General Staff that there has been any opportunity to stest the efficiency of the organization. It must be admitted that the system has worked well so far, and the chances are that an improvement has been made since the days of the Spanish war.

FLORIDA'S TOURIST SEASON.

From present indications in the matter of travel from the North, it would appear that the tourist season for 1906-7 will not be extra heavy, but unusually early this year. Already the trains and steamers from the North are bringing large numbers of passengers—not Floridians home-coming, but people who are attracted here by the excellent climate and the splendid diversified advantages offered by the State in all sections. Many are coming for a season's pleasure, while many others, desirous of making their home here, are either on a prospecting tour or have already acquired property.

There is no State in the Union where life is easier or more congenial than in Florida, and the people from everywhere are rapidly becoming apprised of this fact, and the entire country is feeling the effect.

The people of Gainesville have a great deal for which to be thankful in the matter of progress, which has been phenomenal for the past four years, and there seems no abatement. As an educational center Gainesville has no superior in the country, and this fact has attracted to our city an element refined and cultured, and placed the University City in the front rank of recognition before the whole people. Our University and the University High School are recognized as the acme of efficiency, and have accomplished a great deal in the upbuilding of the city.

So great has been the demand for premium lists of the State Fair that it has been necessary to have a second supply printed, and these are being distributed rapidly throughout the State. Scores have been called for by producers of other States, who desire to exhibit at the Fair, but as the premiums are paid by the State these producers cannot compete for them. Many, however, will be represented by exhibits of cattle, poultry and other live stock, for advertising purposes, which will add greatly to the beauty of these exhibits to be seen at the Fair. Those desiring premium lists should address the Fair Association at once.

WORDS OF PRAISE.

PERUNA THE GREAT TONIC

HALF ACTUAL SIZE.

Miss Marie Pofrel, Pine City, Minn., writes: "I had catarrh of the throat for nearly three months and have been using different kinds of medicines, which did me no good. A friend advised me to take Peruna, which I did, and after taking two bottles I was cured. I cannot say too much in its praise."

Republican orators are calling on the voters to send Republican Congressmen back to Washington to sustain Roosevelt in his trust-busting program. What hypocrisy! Every well-informed citizen knows that but for the solid front of the Democrats in the House and Senate, there would have been no reform legislation. The letter of President Roosevelt last winter to Chairman Wadsworth in criticising the bill for meat inspection shows that trusts controlled the Republicans. Roosevelt says "in every place where you made changes they have been for the worse, and in fact had the packers (the Beef Trust) written the bill in their own interest, I do not see how it could have been different." This is what Roosevelt said of Wadsworth's bill. It speaks for itself.

To Judge a Remedy

you must know its father and mother, and so understand the reason for its existence. There is a law requiring ticket agents of railroad companies to post one-half hour before the regular time of arrival of passenger trains a notice of the time said train is expected to arrive. This law is intended for the information of the traveling public, and in some instances is not complied with, which results in a great deal of annoyance to those who are patrons of the railroads. It is the duty of the Railroad Commission to see that this law is complied with on all railroads, for it is information to which the public is entitled.

Be polite to your children. Do you expect them to be mindful of your welfare, to grow glad at your approach, to bound away to do your pleasure before your request is half spoken?

"4 DAY CURE" PILES

A HORSE IS POISONED.

Valuable Animal Belonging to Jim Dell Victim of Poison.

A valuable horse belonging to James B. Dell is the victim of poison, some miscreant having gone into the stable and administered a quantity of Paris green during Tuesday night.

Mr. Dell was out of the city at the time, but those on the premises were attracted by the distressful groans of the animal. Going to the stable they found the horse laying prostrate, and after investigation it was found that Paris green was the cause of the trouble.

The animal is still living, but is in a dangerous condition. If the coward who administered the poison is apprehended, nothing will be too hard for him.

Great Contest Before Court.

Philadelphia, Oct. 16.—The great contest inaugurated to have declared invalid the will of William Weightman, the millionaire chemist, who died leaving an estate valued at about $60,000,000, was called for a hearing Monday before Judge Ashman in the orphans court. If the will is broken, five granddaughters and a grandson of Mr. Weightman will be benefited. The case has attracted considerable attention because of the social prominence of those concerned.

Shooting at Negro Dance.

Macon, Ga., Oct. 16.—Frank Lester, a negro, is at the city hospital dangerously wounded in the abdomen as the result of a shooting affray at a negro dance at Grovania. A negro, who, it is stated, has since been arrested, opened fire into a crowd and before he had stopped, Lester was probably fatally wounded in the leg. Lester was sent to the hospital, and the prisoner was taken to Houston county jail.

Vessel Floated Through Oil.

Port Arthur, Tex., Oct. 16.—The steamer Captain A. T. Lucas has returned to Port Arthur after a search of the gulf for two Standard Oil barges, which went adrift during the recent hurricane. Neither was found, but the Lucas passed through a lot of floating oil for a distance of 135 miles at about the point where it had been expected to find the barges.

SANTA FE NOTES.

The Cotton Crop Nearly All Picked Out—Other Interesting News.

Santa Fe, Oct. 16.—The weather for the past week has been favorable for gathering crops, especially cotton. The cotton crop is short, and will all be out by the middle of November.

Cane grinding will commence soon. The cane crop is not as large as usual.

L. O. Crews, one of Sante Fe's substantial farmers who has been confined to his bed for the past three weeks, we are glad to note, is reported better.

J. P. Pope, one of Santa Fe's young farmers, had the pleasure of killing two large rattle-snakes in his corn field while gathering corn last week. They were of the diamond-backed variety. One measured six feet and had eleven rattles and the customary button, the other five and a half with ten rattles and a button.

It seems now that the election on the sixth of November will be a very tame affair, as the average voter seems to take no interest in it.

From now until the time of the State Encampment of the United Confederate Veterans in Gainesville, on the 13th and 14th of November, every one should do what they can to make the meeting a success.

The majority of the Stonewall Jackson Camp of Confederate Veterans of this district will attend the Camp meeting on the 27th inst. in Gainesville.

November will be a busy month, cane grinding, election, circuit court, Veterans' encampment and the State Fair. Who says that we are idle?

Blankenship Goes to Jail.

Macon, Ga., Oct. 16.—W. M. Blankenship, the white man who was detained by the police on a serious charge preferred by a citizen of Sofkee, was removed from the city hospital to the county jail, and will await a trial. He had been ill and was being treated. He declares that he knows nothing of the charge which has been preferred. He was placed under guard at the hospital, having on a prior occasion escaped through a second story window.

M. Johnson.

General Stoessel is Retired.

St. Petersburg, Oct. 16.—An imperial order giving notice of the retirement of Lieutenant General Stoessel on the ground of ill health has appeared. The trial of Lieutenant General Stoessel for surrendering Port Arthur to the Japanese has been going on since Sept. 29. His resignation from the army has been expected. It has been asserted that he would resign because he preferred to face the court in civilian garb instead of in uniform.

WHO SHE WAS

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest-fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price, as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until today Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years ago, but not till she had provided means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—and there were thousands—received careful study, and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her pen, and the present Mrs. Pinkham, now the mother of a large family, took it up. With woman assistants, some as capable as herself, the present Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health" freely given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound; made from simple roots and herbs; the one great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

DEATH OF HOMER LOVE.

Well Known Young Man of Trenton Passed Away—Funeral Tuesday.

Information was received in this city Tuesday night of the death of Homer Love of Trenton, which occurred at the home of his father, Hon. T. J. Love, near that place, at 11 o'clock Monday night.

Deceased was thirty-two years of age. He was born and reared in Alachua county, and was known by nearly every person in the West End and in Levy county, where he has operated extensively for several years as a miller, ginner and cotton buyer with great success. His death resulted from congestion of the stomach.

Deceased was married about three years ago to Miss Josie Gay of Trenton, daughter of Mr. and Mrs. W. H. Gay. They lived happily together, and two children were born to them. He is survived by his wife and children, a father, three brothers, four half-brothers and three half-sisters.

The interment was held at Joppa cemetery at 4 o'clock Tuesday afternoon, Rev. Warren Colson of the Christian church officiating.

Deceased had many friends in this city and section who regret his demise, and sympathy is extended to the bereaved family.

Peacock—Hale.

Last Tuesday evening Mr. Q. E. Peacock and Miss Sadie Hale went quietly around to the residence of Rev. W. H. Funk, the Methodist minister here, and were united in the bonds of holy wedlock.

The young couple kept their secret until next morning, when they sprung it as quite a surprise on their friends and relatives.

Mrs. Peacock is the daughter of Col. J. N. Hale, who is well known in the newspaper fraternity of this State and Georgia, and had been here for some time on a visit to her sister, Mrs. J. C. Thomson.

Mr. Peacock is the son of Mr. J. Q. Peacock of Williston, a prominent turpentine operator.

Mr. Peacock left yesterday for Ocala, where he has accepted a position on the staff of The Evening Star, and Mrs. Peacock will join him Sunday.—Dunnellon Advocate.

The contracting parties are well known throughout this section, having formerly resided at Williston. Their numerous friends extend congratulations.

[L. S.] Secretary of State.
To L. W. Fennell, Sheriff Alachua County.

SHERIFF'S SALE.

Under and by virtue of an execution issued out of the Circuit Court in and for Alachua county, State of Florida, bearing date 12th day of March, A. D. 1900, and to me directed as Sheriff of Alachua county, Florida, wherein W. K. Bartleson is plaintiff and Edmond E. Voyle is defendant, there has been levied upon by S. C. Tucker, Sheriff of Alachua county on the 20th day of November, A. D. 1900, as the property of said Edmond E. Voyle, the following described property, to-wit: Certificate number 53, seven snares of stock in The Gainesville Furniture and Wagon Manufacturing Company of Gainesville, Florida, said Certificate number 53 being dated December 28th, A. D. 1899; and notice is hereby given that I, L. W. Fennell, as Sheriff of Alachua county, under and by virtue of said execution and the levy made thereunder, will sell the above described property of the said Edmond E. Voyle to satisfy said execution, before the court house door at Gainesville, Florida, between the legal hours of sale on Monday, the 5th day of November, A. D. 1906, the same being a legal sale.

This Semptember 29th, A. D. 1906.

L. W. FENNELL, Sheriff of Alachua county, Florida.
J. A. CARLISLE, Plaintiff's Attorney.

MASTER'S SALE.

Under and by virtue of a decree of foreclosure of mortgage made and rendered by Hon. J. T. Wills, Judge of the Circuit Court for the Eighth Judicial Circuit of the State of Florida, on the 21st day of September, A. D. 1906, in a certain cause therein pending on the chancery side of said court in and for the county of Alachua and State of Florida, wherein J. C. Harris is complainant and J. W. Harris is defendant, I, W. S. Broome, as special master in chancery appointed for the purpose, will sell at public out cry for cash before the court house door in Alachua county, Florida, on Monday, the 5th day of November, A. D. 1906, during the legal hours of sale, all the following described real estate lying and being situate in the county of Alachua and State of Florida, to-wit: All of Lot Six in Section Two, Township Eight, Range Nineteen East, containing seventy-two acres more or less; together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining. Said property to be sold as the property of J. W. Harris to satisfy and pay said decree, fees and costs.

W. S. BROOME, Special Master.
J. M. RIVERS, Solicitor for Complainant.

Parker-O'Quinn Nuptials.

The social event of the season in La Crosse was the marriage Wednesday of Miss Bessie Bell, the accomplished daughter of Captain and Mrs. Henry C. Parker, to Barney O'Quinn, which event occurred in the First Baptist Church at that place.

The bride is one of the most popular young ladies of her section, and is loved by her friends for her clever, genial disposition. The groom is a rising young man of Mayo, where the couple will reside.

Friends of Miss Parker in this section extend congratulations, with the wish that her married life will be one of continued happiness.

MEETING SCHOOL BOARD

Appropriation Made For Exhibit For the Florida State Fair.

A special meeting of the Board of Public Instruction of Alachua county was held at the office of Superintendent Dr. J. L. Kelley Wednesday, which was called for the purpose of discussing and considering an appropriation for an educational exhibit at the Florida State Fair, to be held in Tampa in November.

There were present at this meeting Chairman R. B. Weeks of Hawthorn, Hon. Thos. A. Doke of Santa Fe, and Superintendent Kelley.

Several prominent citizens appeared before the board and spoke in favor of an exhibit, when the board decided to make an appropriation and left the matter of an exhibit entirely in the discretion of the superintendent, Dr. Kelley.

Dr. Kelley is a progressive educator and a progressive citizen, and no doubt an exhibit will be made.

A NEW ENTERPRISE.

Grist Mill and Novelty Works Established in West Gainesville.

There has been established a new enterprise in Gainesville—at least, it may be said, another enterprise, in the nature of an up-to-date grist mill and novelty works. The proprietors are John Chesnut and J. A. Whiting, and the location is on West Masonic street, facing the Gainesville and Gulf railway. The building, which was formerly used as a moss mill, has been thoroughly overhauled and altered in a manner which will make it appropriate. The latest machinery will be installed, and in all this enterprise will be one which will be a credit and a benefit to Gainesville.

CHEAPEST STORE ON EARTH

HOISERY TALK.

The season has now come when it is necessary for the whole family to wear Shoes, and of course you can't wear Shoes without Stockings, and usually the Stocking bill is more than the Shoe bill. This will not be the case if you buy a standard brand of goods.

We have just received a large shipment of the celebrated BLACK CAT HOISERY for Men, Women and Children, and this brand is too well known to need much talking about. The price commences at 10c and runs up. The Boys' Hose at 15 and 25c wear almost like leather. See the line and try a pair next time you buy.

The Radcliffe Shoe for Ladies'—both button and lace—at $2.50 per pair are the best that money can buy.

We are now showing many new things in Fall and Winter Goods. It will pay you handsomely to do your trading with us, no matter what you need.
